ONE DOLLAR A YEAR

GLORIOUS FOURTH HAD ITS TRAGEDIES

Celebration of Nation's Natal
Day Claimed Many Lives.

SEVEN KILLED IN NEW YORK

On the United States Thirty-Six Persons Are Reported Killed and 1,471 Injured While Celebrating Independence Day.

Chicago, July 6.—Thirty-six persons were killed and 2,153 injured while celebrating Independence Day, according to the Record-Herald, which made a canvass of the accidents in the entire United States during the past twenty-four hours. In Chicago six persons were killed by revolvers which were supposed to be unloaded, and with the deadly fatal crack.

New York furnished seven of the dead, while the remainder of the list of fatalities are scattered over the country.

New York, July 6.—Independence Day ushered in with much noise went out in a blaze of pyrotechnics, the most imposing that New Yorkers ever witnessed. A deafening roar maintained throughout the day by the burning of millions of dollars' worth of powder, gave way after nightfall to the exhibition of fireworks, experts who lighted the skies with effects of surpassing beauty.

In the background the police and hospital surgeons went grimly about their work of removing the dead and ministering to the wounded.

At a late hour the celebration had cost seven lives, a half dozen persons were dying and hundreds of others were being treated at the hospitals from injuries ranging from a slight burn with the possibility of tetanus developments to bullet wounds and lost limbs. Of the dead, three died in premature celebrations. Two others were killed during the day.

One Fatal Injury at New Orleans.

New Orleans, La., July 6.—The Fourth of July here caused one probably fatal injury and included four other victims painfully hurt. An Italian, who was shot in the abdomen with a small caliber rifle ball, was the worst hurt. There is comparatively little fireworks shooting in New Orleans on the Fourth, Christmas being the day for such celebrations here.

Fatal to Curious Onlooker.

Gadsden, Ala., July 6.—While witnessing the Fourth of July races of the fire department, D. Palmer, a white man, was electrocuted by coming in contact with a live wire. Palmer had climbed a telephone pole to get a better view of the races and had placed his hand on the wire, which was supposed to have been charged by connection with a trolley wire. The unfortunate man was employed by the Southern Steel company and came to this city from Alabama.

Many other accidents, fatal or otherwise, are reported from different parts of the country as the result of the day's celebration.

Father Killed by His Son.

Columbia, S. C., July 6.—News has been received here of a shooting affair in Saluda county. From meager information it is learned that William Taylor was beating his son, when his wife spoke to him and begged him to desist. He let the boy go and attacked his wife. The son went to the rescue of his mother and shot his father, killing him instantly.

Fatal Dispute Over Ball Game.

Augusta, Ga., July 6.—A special from Grovetown, Ga., says that while getting ready to settle with one man over a Fourth of July baseball game, R. Young got into a second argument with another man by the name of Capers, by whom he was shot and instantly killed. Capers was captured and is now in Columbia county jail.

SOUTH'S TEXTILE EQUIPMENT.

Southern Cotton Mills May Eventually Predominate World's Markets. Baltimore, July 6.—In reviewing plans for additions to the textile equipment of the south during the past three months, aggregating 230,000 spindles, the Manufacturers' Record says:

New companies are being organized and established, corporations are adding to their equipments of machinery, and the additions announced for established plants are about 125 per cent. more than those reported for the new companies. There is probably no more emphatic recognition of southern advantages for cotton manufacturing than the continued movement of the southern manufacturers to increase their spindleage from year to year. It is evident that southern cotton mill managers anticipate no difficulty in retaining their present position and eventually predominating the world's markets. This record of the second quarter of 1907 shows a considerable increase over that of the first quarter, when but 123,468 spindles were announced. The total for the second quarter is 237,736 spindles, which means the investment of about \$6,000,000. The established mills will install 157,876 spindles, an investment of about \$4,000,000, and the new companies will install 69,860 spindles, an investment of about \$2,000,000.

The figures by states are: Alabama, 37,736 Georgia, 39,540; North Carolina, 28,000, and Texas, 13,000 spindles. These figures are for spindles authoritatively announced as to be put in position, but not necessarily already added. Thousands of these spindles, however, have already been put in operation, other thousands are being installed at the present time and thousands more will be placed in the mills within the next few months.

FOR SELLING LIQUOR.

Shed Lewis Arrested at Campville by Deputy Sheriff Story.

Deputy Sheriff Story of Windsor has made a "blind tiger" haul that he believes is going to prove a feather in his cap.

Officer Story placed under arrest Friday one Shed Lewis, who he claims was disposing of the beverage in a most profitable manner, and has been engaged in the practice for some time.

The prisoner was brought to this city and was arraigned before Judge Mason, when he was asked to give bond in the sum of \$250 after waiving examination. Having failed to give the required bond he was sent to jail.

IN THE MAYOR'S COURT.

Three Offenders Were Before the City Court Saturday.

Notwithstanding that Saturday is usually a dull morning with the municipal court, there were three cases before Mayor Thomas at the session yesterday.

Will Micklin, for fighting, was fined \$5 and costs, or thirty days.

Randall Moons, drunk and disorderly, \$5 and costs.

William Johnson, fighting, \$5 and costs or thirty days.

All offenders paid their fines and were released.

A Pleasant Occasion.

At the home of their parents, Mr. and Mrs. J. H. Morton, South Arredondo street, on the afternoon of July 4, Master Reed and Randolph Morton entertained a number of their young friends.

The children were robed in the national costume, the effect being very pretty. The program comprised games appropriate to the little folks, and was greatly enjoyed.

During the afternoon delicious refreshments of ice cream and cake were served, and at the conclusion there was a display of fireworks.

At a late afternoon hour the little guests departed with hearts full of appreciation and gratitude for the little hosts, with the wish that they might enjoy many more "Glorious Fourth's."

DRAW NET SPREAD FOR FLEEING TELLER

Police Working Hard to Catch
Chester Runyan.

HE ABSCONDED WITH \$96,000

Was Employed as Assistant Paying Teller by Windsor Trust Company, of New York—Speculation His Alleged Downfall.

New York, July 6.—A drag net has been spread throughout the United States and Canada for Chester R. Runyan, the assistant paying teller of the Windsor Trust company, who fled on Saturday last with \$96,000 of stolen money.

The Pinkertons, who are in charge of the hunt, also notified by cable the police chiefs of all the important European and British ports, also of the principal coast cities of the south American countries.

That Runyan was not the immaculate young man his employers thought he was, up to the day he went off with his suit case stuffed with the trust company's money, is an established fact.

For weeks before his disappearance he had been speculating in stocks under the name of Martin Chase. Speculation accounts that he carried with large stock brokers have been unearthed. He had sustained heavy losses in those ventures, and at least two weeks before he fled he stole \$10,000 to make good his margins.

It is believed the \$10,000 was stolen at various times, and the thefts may have extended over a period of several months. On July 1st, the periodical checking up of the trust company's cash on hand would have revealed the shortage and it is believed Runyan decided to get away with all he could.

Runyan was very careful in his dealings as Martin Chase. He even disguised his writing so that it bore no resemblance to his own. As Martin Chase he wrote heavily and plainly, shading the letters. He wrote back-handed as a further disguise. Specimens of his real and disguised writing have been obtained by the Pinkertons.

MISSIONARY BISHOP'S VIEW.

Japan Dare Not Break Friendship with United States.

Newport R. I., July 6.—In discussing the American-Japanese situation the Rt. Rev. Sydney C. Partridge, mission bishop of Kioto, Japan, who came here to attend a meeting of the Rhode Island Society of the Cincinnati, said:

"In spite of all ideas and reports to the contrary there has been no evidence in Japan itself of objectionable national arrogance and pride on account of the victory over Russia. On the contrary, its awful cost and its sacrifice of life has made them sober and thoughtful and humble to a degree which was remarkable. The country has opened itself as never before to foreigners of every clime, and the people have outdone themselves in international and personal courtesies. We opened the doors of Japan; we have always been her best and earnest friends; she knows she cannot, dare not, will not, allow that friendship to be broken."

GIRL DIES IN PRISON.

Was Said To Be Prettiest Woman Prisoner in Ohio Pen.

Columbus, O., July 6.—Margaret Walsh, the prettiest woman prisoner in the penitentiary died Friday of nephritis.

She was in an advanced stage of the disease when she arrived at the penitentiary in March to begin a three years' sentence for larceny.

The body was taken in charge by Father Kelley, the Catholic chaplain at the penitentiary, who will probably bury it because the mother discarded the girl some time ago. The Walsh girl was given the choice at her trial in Cleveland between a convent of detention and the penitentiary, and she chose the penitentiary.

THE NEWS FROM MELROSE.

Independence Day Was Appropriately Observed by the People Generally.

Melrose, July 6.—The celebration of Independence day was rather spoiled by the many and heavy showers during the day. At 10:30 a. m. quite a crowd had gathered at the Town Hall to listen to the following program: Opening Speech by the Mayor—H. von Noosky.

Prayer—Rev. Sistrunk.

Song—My Country 'Tis of Thee.

Reading of Declaration of Independence—Mr. C. P. Huffman.

Song—Red, White and Blue.

Speech—Rev. H. Julian.

Song—Star Spangled Banner.

Speech—Rev. T. H. Sistrunk.

After the close of the exercises the dinner tables were prepared in the hall and everybody sat down to enjoy the excellent fare provided.

During the afternoon the Melrose nine played Rex, the latter winning by a score of 8 to 3.

Quite a number of the stores, the hotel and many private homes were decorated with flags.

The Lenoma has had several trial trips and the machinery worked nicely, when fully limbered up. She will certainly be the fastest boat on Lake Santa Fe.

Dr. McRae, W. S. Yearwood and L. Baldwin went to Palatka on Monday to attend the county tax sale and other business.

Rev. and Mrs. T. H. Sistrunk have returned from the district conference held at Coleman and report having had a most instructive and pleasant time.

J. H. Fearall of Westfield, N. J., is the guest of T. A. Hart for a few days. Mr. Fearall is here in the interest of his brother's properties in and around Melrose.

ANOTHER CRAZY MAN.

Deputy Sheriff Arch Zetrouer Brought Man Here Saturday.

Deputy Sheriff Arch Zetrouer of Rochelle brought to this city Saturday morning an unfortunate negro man, whom he took into custody near the Philor mill early Saturday morning. The negro, who said his name was St. Bailey, appeared to be about forty-five years of age, and was a pitiable sight, as he was barefooted and his feet and hands evidenced hard use.

Bailey, in a wandering way, protested against the charge that he was out of his mind. He stated that he had been employed by a lumber and timber company at Summerfield, though he did not give the name, in pulling logs from the swamp, and declared that the cables had cut his feet and his hands so badly that it had caused him to have almost absolutely no use of them.

The unfortunate man was taken to the county jail, and will probably be examined as to his sanity within the next day or two.

HE TOTTED A PISTOL.

Will Mitchell Must Suffer the Penalty for Offending the Law.

Because William Mitchell, a big, black, burly coon who could have defended himself against the attack of the average man with his fists and come out victorious, insisted on carrying a pistol, he is in trouble, as he was arrested at Neel on Friday upon this charge by Deputy Sheriff John Osteen of Willard, who found him with the goods.

Officer Osteen brought Mitchell to this city Saturday, where he was arraigned upon a charge of carrying concealed weapons. He waived examination, and was sent to jail upon failure to produce a bond of \$350.

This case will be brought before the grand jury at the fall term of court.

Protests Against Prohibition.

Savannah, Ga., July 6.—The Savannah Board of Trade has passed resolutions protesting against a general prohibition bill. The city council will probably take the same step as will also the Okefenokee and Chamber of Commerce.

NEW YORK STREETS SCENE OF RACE RIOTS

Band of Negroes Fought with
Policeman With Knife.

TRIED TO KILL OTHER OFFICER

White Citizens Rushed to the
Scene—Negroes Are Being
Driven From Tenements.

New York, July 6.—Police ward Corcoran was seriously injured in a race riot which broke out in upper New York last night.

Attempts were made to kill Corcoran, a police officer, who was severely injured and taken to the hospital. The rioters were driven from the scene by the police.

JUDGE SWAYNE DEAD AT PENSACOLA HOME

Message Came by Wire to Hon.
H. S. Chubb Friday Evening.

NO PARTICULARS OF DEATH

Deceased Was a Man Marked for His
Strenuous Career, Although He Al-
ways Managed to Come Out Victo-
rious—A Brilliant Record.

Hon. Henry S. Chubb, register of
the United States land office, received
a telegram Friday night from Hon. W.
B. Sheppard, United States District
attorney, Pensacola, to the effect
that Hon. Chas. Swayne, judge of the
United States District Court for the
Northern District of Florida, was
dead at his home in that city. This
information came as a shock to Col.
Chubb, who was a great personal
friend of Judge Swayne.

A Biography.

Judge Swayne was a man who has
experienced a very strenuous career,
and he was appointed Judge of the
Northern District of Florida.

Deceased was born in Delaware
some five years ago of a prominent
family. He was edu-
cated in his native State, afterwards
going to Philadelphia, where he
studied law, being subsequently ad-
mitted to the bar.

After being admitted to the
bar, Judge Swayne moved to Sanford,
where he lived and practiced his pro-
fession for several years, finally
moving to Kissimmee, when that town
was the county seat of the new
county of Osceola.

When Swayne died after Harrison's
election to the Presidency of the
United States in 1888, but prior to his
inauguration. Between Harrison's
election and inauguration, President
Harrison sent to the Senate the
nomination of a then and now prominent
lawyer of Jacksonville, The Repub-
lican, having a majority of the Sen-
ate, refused to confirm a nomination
after the inauguration of Presi-
dent Harrison.

After a long and continuous strug-
gle between Republican lawyers and
Democrats, Chas. Swayne was ap-
pointed.

Coming to the prosecution of alleged
violation of the election laws by Dis-
trict Attorney Joseph N. Stripling.

The removal of the Democratic
commissioner as provided by
the appointment of an inde-
pendent Democrat, the Democratic
party of the State charged Judge
Swayne with conducting a partisan
campaign and his confirmation was
refused by Senator Wilkinson Call
and the Democratic Senators. So
the situation that

prevailed in Cleveland was elected
President, carrying with him a Demo-
cratic majority in the Senate, the North-
western District was changed so
that it comprised only a few counties
in Florida, with seats of court
at Ocala and Tallahassee. Sever-
al years later—in fact the last two

years—the Florida Legisla-
ture passed a concurrent resolution
impeaching Judge Swayne's impeach-
ment, charging various misdemeanors.
The House of Representatives prefer-
red impeachment, and the Senate, consti-
tuted a high court, acquitted him.

Judge Swayne's enemies charged
him with being a narrow partisan
and a lawyer of small ability, while
his friends contended that he was a
Christian gentleman, an
able lawyer and an upright judge.
He was the victim of circum-
stances than wrong-doing.

A Fine Appointment.

Prof. R. T. Wetter, one of the most
well known school teachers in the
State, and who is attending the Sum-
mer Session here, has been favored
with an appointment as principal of
the Brookville High School at Brookville,
which carries a salary of \$125 per
month for the scholastic year.

Prof. Wetter was last year principal
of the Brookville High School, where
he was very popular among the
pupils. He is regarded as an edu-
cator of exceptional ability, and the
people of Brookville are to be con-
gratulated upon securing his services.

Help! Help! I'm Falling

Thus cried the hair. And a
kind neighbor came to the res-
cue with a bottle of Ayer's
Hair Vigor. The hair was
saved! This was because
Ayer's Hair Vigor is a regular
hair medicine. Falling hair is
caused by a germ, and this
medicine completely destroys
these germs. Then the healthy
scalp gives rich, healthy hair.

A HAPPY MARRIAGE.

Union of Two Popular Young People
in North Gainesville Wednesday.

There was a happy marriage in
North Gainesville Wednesday evening,
the contracting parties being Frank
Willis of Alachua and Miss Effie O.
Dykes, daughter of Mr. and Mrs. J.
D. Dykes.

The ceremony was performed by
Rev. Thos. P. Hay of the First Pres-
byterian church, at the home of the
bride's parents. There were a num-
ber of friends of the bride and groom
present to witness the ceremony.

At the conclusion of the ceremony
congratulations were in order, after
which delicious refreshments were
served.

After an evening spent pleasantly
the guests departed, wishing the hap-
py young pair a long life of happi-
ness and prosperity.

There were many useful and hand-
some presents, presented by friends
of the contracting parties.

Mr. Willis is one of the valued em-
ployees of the Gainesville Planing and
Coffin Company, while the bride is
well known and quite popular in
North Gainesville.

Mr. and Mrs. Willis will make their
home on Pearl street, South Gaines-
ville.

PROF. FULKS' FORTUNE.

Has Been Appointed Principal of Lake
City High School at Good Salary.

Friends of Prof. J. H. Fulks, form-
erly of this city but now of Arcadia,
will congratulate him upon his ap-
pointment as principal of the Lake
City High School, a position which
will pay him a salary of \$175 per
month for the scholastic year.

Prof. Fulks was at one time princi-
pal of the Gainesville Graded and
High School. He is one of the most
efficient teachers in the State, and
the trustees of the Lake City school
were wise in making their appoint-
ment.

Prof. Fulks has a farm at Arre-
dondo, and has been here for several
weeks looking after his cantaloupe
crop, which was a large one. He re-
turned to his Arcadia home Wednes-
day, and will remain there until the
time for the opening of his school
in Lake City.

FRANK CLARK AT ARCHER.

Delivered Interesting Fourth of July
Address at That Place Thursday.

Hon. Frank Clark and Dr. C. L.
Carter went Thursday to Archer,
where the former delivered an ad-
dress upon the occasion of the barbe-
cue and picnic. The celebration was
given under the auspices of the
Woodmen of the World, but
was a public affair, and peo-
ple gathered from every section
of Alachua and Levy counties, being
attracted to Archer by the extraordi-
nary inducements of a good dinner
and a talk by Congressman Clark.

Your Liver

Is out of order. You go to bed in
a bad humor and get up with a bad
taste in your mouth. You want some-
thing to stimulate your liver. Just
try Herbine, the liver regulator. A
positive cure for constipation, dys-
pepsia and all liver complaints. Mrs.
F. —, Ft. Worth, Texas, writes:
"We have used Herbine in my family
for years. Words can't express what
I think about it. Everybody in my
household are happy and well, and
we owe it to Herbine." Sold by W.
M. Johnson.

THE ELKS' FISHING CLUB.

Jolly Party Left Friday Afternoon
and Will Cruise from Cedar Key.

A jolly party, never left Gaines-
ville, or anywhere else, for that mat-
ter, than that which will be seen
as the Elks' Fishing Club, which
went down to Cedar Key last night
and expects to make its departure
today for a cruise along the west
coast, touching at many of the prin-
cipal points.

Just glance over this roster.
Postmaster Louis Lynch (not
Lunch), Chief Fire Department Ed
O'Neill, Superintendent of Water
Works Ben Miller, Captain Gaines-
ville Guards John Blanding, the
genial boniface, Joe Etten, Assistant
Manager of the Freight Department
A. C. L. Pen McCormick.

Mr. O'Neill, who is as familiar
with things around Cedar Key as
some of the Brown House guests are
familiar with the landlubber, preceded
the party Thursday, having been as-
signed to the duty of making ar-
rangements for the boat, etc. It is
safe to assert that Mr. O'Neill has
made everything satisfactory, and that
the party found the vessel ready to
sail upon reaching their land desti-
nation.

The party has gone prepared for a
two-weeks' cruise. They have been
commissioned to inspect the extension
work of the Florida East Coast rail-
way, and will render their report upon
their return.

Friends wish this jolly sextette a
good time, and it would be a breach
of the truth even to intimate that
they will have anything else.

HAD GREAT EXPERIENCE.

Five-Foot Alligator Tackled a Man.
Bit Leg in Two Places.

Adam Ivey, colored, never did
"take no likin'" as he expressed it,
to an alligator, and since he was at-
tacked by a five-foot saurian in his
field near the city two or three
nights ago, and the vicious reptile
came near taking two huge chunks
of meat from the fatness of one of
his lower limbs, had less use for
them than ever. The saurian was
finally shot by Ivey's son, John, who
was attracted to the scene by the
noise of an animated scuffle, and
who found it necessary to put two
bullets into its head before it would
succumb.

Adam seems to have been wrang-
ling in trouble and misfortune recent-
ly. He has just been arraigned in
court by his divorced wife upon a
charge of perjury, and is now under
a \$300 bond for his appearance be-
fore the grand jury. As soon as he
was out of this trouble this heartless
saurian evidently mistook him for a
huge chunk of alligator bait and pro-
ceeded to feast upon his carcass.

Take the Postmaster's Word for it.

Mr. F. M. Hamilton, postmaster at
Cherryvale, Ind., keeps also a stock
of general merchandise and patent
medicines. He says: "Chamberlain's
Colic, Cholera and Diarrhoea Remedy
is standard here in its line. It never
fails to give satisfaction and we could
hardly afford to be without it." For
sale by all druggists.

THE GUARDS HOME COVERED WITH GLORY

Jacksonville Militia and Citizens Treated Them Royally.

NOTHING WAS TOO GOOD

For the Boys from Gainesville, and the Result was a Great and Glorious Day, Where Good Cheer and Patriotism Mingled Together.

The Gainesville Guards, under command of Captain J. W. Blanding and Lieutenant Shields Warren, have returned from the Jacksonville festivities of the Fourth of July covered with glory, and it is the unanimous sentiment of the company that they were never more hospitably entertained in their lives.

The company left Gainesville on the 8 o'clock Seaboard train Thursday morning. Even the number of their private car, 711, was an advance assurance that they would play in luck, and they were correct in their anticipation of a big time.

Arriving in Jacksonville the company was met by the militia of that city, who escorted them down Bay street to the armory, where arms were stacked and the boys were made to feel at home. They were guests of the Jacksonville militia, and nothing was too good for them. Their uniforms gave them prestige and authority everywhere, and altogether it made the boys feel like they were glad to be soldiers under such conditions.

Notwithstanding that rain interfered considerably with the program, the exercises were interesting, and the Guards came out victorious in many of the events at Dixieland Park, where the exercises were held.

The following were among the distinctions awarded members of the company:

Hundred-yard Dash—G. S. Chamberlain, third prize of \$5.

Relay Race—Gainesville took second place.

Backward Race—Tom Pinkoson, second prize, \$10.

Sack Race—Frank Bevel, second prize, \$10.

Squad Drill—First prize, squad under command of Captain Blanding and comprising Sergeants Boyd and Carlisle, Corporals Holly, Parrish and Chapin, Privates Gore, Arnold and Mason.

The boys' uniform was recognized at the ferry, and they were conveyed across the river at will without charge. The uniform also admitted them free into the main entrance of Dixieland Park, and in many of the shows at that popular resort.

MR. BEALE'S PRIZE.

Captured a Six-Foot Alligator While Returning from Farm.

M. D. Beale, who is managing the business of W. P. Moseley during Mr. Moseley's absence in Kentucky, deserves the credit for making a big "haul" a day or two recently in the capture of an alligator measuring six feet.

Mr. Beale was returning from the grove of Mr. Moseley, located a few miles southwest of the city, when he suddenly encountered the saurian in the road. This discovery came near causing the horse to run away, but finally the animal was quieted and Mr. Beale returned to the place where he had discovered the 'gator, and after quite a lively fight succeeded in making the capture.

The alligator was bound with a rope which happened to be convenient, placed in the buggy and brought to this city, and is now easily resting in the Brown House aquarium.

The Doctor Away from Home When Most Needed.

People are often very much disappointed to find that their family physician is away from home when they most need his services. Diseases like cholera, colic and cholera morbus require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe medicine in the house you occupy, and much pain and suffering and delay it now; it may save life by all druggists.

From Friday's Daily Sun. To the People of Gainesville:

All the grocers, meat-market men, druggists, milliners, jewelers, hardware dealers and furniture dealers of the city of Gainesville have signed the following agreement:

"We, the undersigned merchants of Gainesville, in the spirit of co-operation and mutual helpfulness, agree to close our stores to all buyers as near 10 o'clock on Saturday nights as possible, provided that all reputable stores in our respective lines of merchandise agree to do the same; and we hereby pledge ourselves to a strict and faithful observance of this compact."

The following have signed: John Chesnut, McCormick & Howe, J. W. Malphurs & Son, Fagan & Co., G. S. Merchant & Co., R. G. Haas, S. F. Brooks, The S. J. Thomas Co., J. L. Crawford, W. M. Johnson, Gainesville Furniture Co., H. J. Dempsey, J. W. McCollum & Co., R. B. Ayer, J. G. Harrold, Mrs. F. T. McCormick, L. A. Jernigan & Son, J. S. Bodford & Co., Mrs. S. W. LeGrande, L. C. Smith, W. S. Dorsey & Co., J. W. Vidal, Baird Hardware Co., G. K. Broome, E. A. O'Neill, Jas. H. Vidal, Saunders & Earle, J. R. Sanchez, Jno. F. Seagle, Gainesville 5 and 10-cent store, Mrs. Lois Tucker, P. Y. Smith.

This arrangement goes into effect next Saturday evening, July 6. We have been unable, on account of the absence of some parties from the city, to see all the dealers in dry goods and clothing, but hope to secure, at an early date, a similar agreement among them.

We thank all the buyers of the city, both white and colored, for their co-operation with us in this movement prior to the perfecting of our plans. The merchants report a noticeable sending of orders earlier last Saturday evening, enabling some of them to close their stores at a more reasonable hour.

We earnestly and respectfully request all Saturday shoppers to work with us in this spirit of co-operation and mutual helpfulness as far as is possible, to send in their orders by 6 o'clock Saturday afternoons, and take home with them all supplies purchased later than 8 o'clock, to prevent the burdensome midnight delivery of goods.

We also respectfully ask all employers of domestic and other laborers, in and near the city, to pay their employees their weekly wages at as early an hour Saturday afternoon or evening as is possible, so that they can do their trading sooner.

We request the colored ministers of the city to continue to co-operate with us in this movement, as they have already so kindly done up to this time.

THE MINISTERIAL ASSOCIATION. THOS. P. HAY, President.

Woman Goes Insane.

Clara Jones, a colored woman about forty-five years of age, was adjudged insane Thursday by a lunacy commission comprising Drs. J. M. Dell, J. H. Colson and Geo. H. Mason. An attendant is expected in a day or two to convey the unfortunate woman to the Hospital for the Insane at Chattahoochee.

This is the fifth case of insanity in this section within the past month.

Cheerfully Recommended for Rheumatism.

O. G. Higbee, Danville, Ill., writes, Dec. 2, 1901: "About two years ago I was laid up for months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all suffering from like affliction." 25c, 50c and \$1.00. Sold by W. M. Johnson.

PADGETT-THOMAS COMBINATION.

J. B. Padgett Purchases Half Interest in Livery of W. R. Thomas.

J. B. Padgett, for many years engaged in the naval stores business in this section, and who has for some time been a resident of this city, owning one of the handsomest homes in this section of the State, has purchased a half interest in the livery, sale and feed stables of W. R. Thomas, and in the future the firm name will be W. R. Thomas & Co.

This stable, which has always enjoyed the reputation of being one of the most liberally conducted and up-to-date in the State in every way, was established fifteen years ago by Major Thomas on a modest but modern scale. From time to time, by his square dealings and honest, conscientious transactions, the business has grown until it can be said with impunity today that no livery stable in the State, taking it all around, can equal it. Every visitor to Gainesville remarks upon its cleanliness and its every modern department, and there is no wonder that Major Thomas has enjoyed such a remarkable success.

Mr. Padgett is himself a practical liveryman, and is regarded as one of the best judges of horseflesh in this section of the country. He will have absolute control of the business management, etc., of the stable, and this is an assurance that the business will be carried on in a manner which must continue satisfactory to the public. It is the intention of the new firm to keep the list of stock and vehicles up to the highest standard, as has always been the case. Mr. Padgett will devote his personal attention to both the livery and harness and vehicle departments making a personal examination of all stock which will be brought into the stable for the sales and livery department. With his knowledge of stock, the public may feel assured that they will secure nothing but the soundest stock.

The new firm has purchased the building now occupied by the United States land office, and as soon as the public building is completed and the land office has vacated the premises, the establishment will be enlarged, a first-class repository being added. In the meantime the firm will keep their vehicles, buggies, wagons and harness in the building now occupied.

Few people realize now the importance of this industry to Gainesville. This institution employs a large number of men, all of whom command fair salaries, and the weekly payroll would be a surprise to those who are not familiar with the business. Every Saturday night a considerable sum is distributed to these employees, which is spent with the merchants about the city, with the result that every branch of business prospers.

Major Thomas has made a wonderful success of his venture, and with the addition of Mr. Padgett and the extension of their business, there is no doubt but that the business will be made still more profitable.

GREEK IS IMPROVING.

Man So Badly Mangled Few Days Ago Getting Along Very Nicely.

Consantinos Aralios, the Greek who was so badly mangled by railroad cars at the mill of the Tyler Lumber Company, Tyler, on Monday, and who was brought to this city and placed in the Odd Fellows' Sanitarium, is resting as easily as could be expected under the circumstances, and Dr. J. Harrison Hodges, the attending physician, thinks the man will recover with proper care and nursing. The man does not understand a word of English, with the result that an interpreter must be constantly with him.

This man came as near death as possible to escape alive. Report has it that he was ground under the wheels, and it is the greatest miracle that he was taken out alive. He sustained a broken leg in three places, an arm was broken in two places, and he was severely bruised about the body.

Bad Burn Quickly Healed.

"I am so delighted with what Chamberlain's Salve has done for me that I feel bound to write and tell you so," says Mrs. Robert Mytton, 457 John street, Hamilton, Ontario. "My little daughter had a bad burn on her knee. I applied Chamberlain's Salve and it healed beautifully." This salve allays the pain of a burn almost instantly. It is for sale by all druggists.

The Cuban Banner says: "Gadsden county, in addition to her tobacco, is the richest in the State, and is the best grown in Cuba and Mexico. She has now struck oil, and a company has been formed to sink wells, and the county is much excited over the discovery."

Sen. Frank Adams has resigned as a Senator from Hamilton county, to take effect upon the election of the summer in 1908. This action on the part of Senator Adams is generally considered as an indication that he is a candidate to succeed Stephen H. Kelly as United States Senator.

Florida people are now being treated to a taste of the "Sunday law." It is said that not even a gambler can be obtained in the Water City on the Sabbath. The natives, however, are not prepared from partaking of "gopher" provided the gopher is captured and butchered prior to 12 o'clock Sunday night.

The indications are that the people of Florida will soon be in throes of a prohibition campaign, and the county with which the people have been against the sale of whiskey in the State in which the county have recently been held in victory for the temperance cause in the approaching contest to prohibit the manufacture or sale of intoxicating liquors in the State.

President Jordan of Stanford University, says: "Boys who smoke cigarettes are like wormy apples. They keep long before harvest time. They never make failures in after life because they do not have any after life. The boy who begins smoking before the strength year never enters the ring of the world. When the other boys are taking hold of the world's work he is concerned with the sex and undertaker."

The Railroad Commission could not do the people of Florida a better service than to require the railroad companies to equip their coaches with buffers, the same as sleeping cars are equipped with. It would not only keep out much of the dust, but would protect the eyes from cinders. The expense to the railroads would be immaterial as compared with the comfort afforded the traveling public. Let the commissioners "get busy" in this matter.

It is reported by residents of East Gainesville that certain boys are accustomed to shooting birds, regardless of species, from the branches of trees in the streets of that section of the city. It is further stated that these boys apparently have no care for the safety of the people, as they use the regular standard rifle, discharging a standard cartridge, and on one or two occasions the bullets have come near striking pedestrians. These boys are probably not aware of the fact that they are doubly of finding the law, and are likely to get into serious trouble. In the first place, there is an ordinance prohibiting the discharge of firearms within the city limits, and in the second place, there is also an ordinance protecting certain birds. The offenders will, therefore, heed this warning.

WHAT'S THE MATTER WITH CLARK?

If the friends of Frank Clark really believe he is solid with his constituents, they should cease to warn rivals off the track. They have the right to oppose his reelection. He will be all the stronger if he beats them. To cry down opposition is taken as a confession of weakness, and such talk does not strengthen the candidate. It might easily be that the opponents of Mr. Clark were better friends to him than some of those who assume to speak for him. There can be no monopoly of political honors in this State save by better service.

The above from The Times-Union of the 1st inst. evidently refers to some late editorial expressions of The Live Oak Democrat. The Starke Telegraph and others to the effect that Mr. Clark has made so good a record in Congress that it would be useless for anyone to oppose him in the next campaign.

It looks as though The Times-Union is afraid Mr. Clark will not have opposition? Has he not proven himself a faithful public servant? We know that there is no man in public life in Florida today who more cheerfully concedes the right of his fellow-citizens to become candidates for the office he holds than Frank Clark; he considers that the office belongs to the people and they have the absolute right to put someone else in his place whenever they see fit, but we agree with The Democrat and Telegraph when they assert that it would be a waste of time and money for any man to run against Clark. He has made a splendid record and we believe an overwhelming majority of the people intend to keep him where he is.

Our people are learning from the New England States that the longer a good man is retained in Congress the more useful he can be to his constituents, and when the South generally adopts this plan the more powerful will she become in the councils of the nation. While any citizen has the right to aspire to this office, if we already have a tried and faithful representative who is willing to serve us further, what good can come to the people by inducing others to run and stir up political strife? If affairs are satisfactory, why seek a change? And by the way, who is The Times-Union candidate?

A GIFTED SOUTHERN GIRL.

The Florida friends of former U. S. Senator Call and his beloved deceased wife will be interested in the following account of their gifted daughter, taken from The Musical American of June 29:

"Lucy Lee Call, whose singing has attracted much attention at the Metropolitan Opera House, and in public performances of the Metropolitan Opera School during the last two years, sailed for Europe last Saturday, and will make her debut in 'La Traviata' at the opera house in Turin, in August.

"Miss Call is a Southerner, having been born in Jacksonville, Fla. A daughter of United States Senator Call, she has spent most of her life in Washington, where she pursued her music studies until she became connected with the Metropolitan Opera Company. Two years ago the Metropolitan management sent her and Lucile Lawrence to Europe for study, and upon her return she was assigned more important roles in the productions at the Metropolitan. The possessor of a lyric soprano voice of unusual purity and beauty, she is considered one of the most gifted and promising singers before the American public. The effect of her singing is enhanced, moreover, by her prepossessing appearance and charm of manner.

"On her return from Europe, in the fall, Miss Call will make a short concert tour in October, under the management of George M. Robinson, who will present her again in a number of concerts next spring, at the conclusion of the opera season."

TWENTY YEARS BEHIND TIME.

The Sun's Washington correspondent says good old Farmer Wilson, who by the grace of McKinley and Roosevelt, has run the Agricultural Department for the last ten years, and as some claim run it into the ground, has become a laughing stock in Washington and Kansas. It appears that when the green bug was devastating the Kansas wheat fields "Farmer Wilson," out of the goodness of his heart, decided to give the Kansas farmers some advice how to

beat the bugs in the future. "Plant turkey red wheat," said Farmer Wilson. "For in 1897 I made experiments and found that turkey red spreads out and withstands the ravages of bugs better than any other variety. But the millers and wheat growers all over Kansas began to poke fun at Farmer Wilson for making experiments in 1897 with turkey red wheat, as for ten years previously Kansas farmers had grown that variety almost exclusively."

This shows how far behind the times the Agricultural Department is in many things and how much it requires reformation. Its statistics are rotten and have been the sport of grafters; many of its so-called scientists are far behind the times, as the turkey red wheat episode indicates; the scientists of the Weather Bureau, which is part of the Agricultural Department, are still working on the erroneous plan and theory of the winds and weather adopted thirty-six years ago, and the weather forecasts are spoken of as not as reliable as Hicks' predictions published a month ahead. The Department of Agriculture, as well as other departments of the Government, is suffering from dry rot and grafting brought about by so many years of control by Republican partisans, who that party cannot, if it would, get rid of from the party necessity of providing for its camp followers, who if not furnished with what they have, or something equally as good, would turn and rend it. It is not the clerks who are to blame, though some of them are worthless, but the Republican politicians who are in charge of them. If the voters knew one-half of the partisan and grafting conditions in most of the departments they would join in the cry of "turn the rascals out."

OF INTEREST TO VETERANS.

Governor Broward, Comptroller Croom and Treasurer Knott, comprising the State Pension Board, have issued the following circular letter to the clerks of the circuit court, which will prove of interest to those already drawing pensions, as well as those who had made application for pensions but whose claims had not been acted upon prior to the enactment of the new law. It will be noted that the latter are required to make new applications on blanks now to be obtained from clerks of the circuit court:

Tallahassee, June 22, 1907.
To the Clerks of the Circuit Courts of the State of Florida:

Gentlemen—The new pension law, chapter 5600 of the laws of Florida, approved May 29, 1907, provides that "persons drawing pensions under previous acts of the Legislature of Florida are retained and entitled to the benefits of this act." Under this provision the board of pensions has already graded and classed all of the pensioners on the roll and they will be paid under the new law from May 29, 1907. No applications will therefore be required from those who were on the pension roll at the time of the passage of the act of 1907. All that is required from the old pensioners is a quarterly voucher in the usual form, but the amount of the pension should be left blank in such case so that it can be filled in here.

All persons desiring pensions who are not on the pension roll (i. e., receiving a pension upon an approved claim) prior to May 29, 1907, will be required to make application according to the new forms prepared under the act of 1907.

Yours very truly,

N. B. BROWARD, Governor.
A. C. CROOM, Comptroller.
W. V. KNOTT, State Treas.
Pension Board.

We always knew that Capt. W. J. Hillman of Live Oak had a heart as large as a Cincinnati ham, and that he was one of the most public spirited men in the South. He has contributed \$4,100 to purchase a lot on which to erect a permanent home for the Salvation Army in Jacksonville, and work on the building will soon commence. We wish there were more Hillmans in Florida.

The death of Judge Swayne, of the U. S. Circuit Court for the Northern District of Florida, gives the people of this State an opportunity to observe just what kind of a man President Roosevelt will appoint as his successor. If he names as good a man and eminent jurist as Judge Locke of the Southern Circuit, there will be no complaint on the part of Florida Democrats.

STEEL BRIDGES.

The Board of County Commissioners are not only determined to have hard roads, but substantial bridges as well. At Wednesday's session the board let the contract for a steel bridge to span the Santa Fe river at old Fort White landing, the contract price being \$3,000, with the provision that the expense is to be equally divided between Alachua and Columbia counties.

The proposed bridge will be 200 feet in length, with three spans. The main span will be 120 feet, while the end spans will cover forty feet each. The plans provide that the structure will be modern in every way, and one that will be durable for a century or more.

The commissioners are to be congratulated upon the stand they are taking for good roads and good bridges, and they may feel sure that they have the hearty support and co-operation of the people.

There is hardly a person in the United States at the present time whose business, vocation or employment does not depend in some degree upon its forests. Yet very few of them have considered seriously the relation of the forests to their individual welfare, nor do they realize the many methods, direct and indirect, by which the forests play an important part in the commercial prosperity of the nation. Paper manufacturers consume enough of our forest products each year to build a large city in its entirety; turpentine manufacturers are slowly but surely exterminating the long leaf pine in the South; telegraph and telephone poles destroy thousands of young trees annually; railroads devastate more than two hundred thousand acres of timberland to secure each year's supply of ties; the box maker, the cooper, the furniture, piano and vehicle manufacturer utilize millions of feet of forest products every twelve months; and all those manufacturers who do not directly utilize forest products in their business depend upon them for the many thousands of crates and boxes in which their manufactures are distributed throughout the world.

If you had been appointed as a United States Senator by the governor of a State, and were looking forward with pleasure to your term of office, and that same governor should turn around and work to have you deposed—wouldn't it jar you? That is just what has happened to Ex-Congressman John H. Bankhead, who was appointed by Governor Comer of Alabama to succeed the late Senator Morgan. In the last primary election Bankhead was chosen "alternate Senator" to be appointed in case of Senator Morgan's death, and the Governor felt that it was his duty to so appoint him, though it was known that Bankhead represented interests inimical to Governor Comer. The situation is narrowed to the question of whether Bankhead will be able to overcome the influence of Governor Comer with the Legislature, which reconvenes July 10.

The people of Lake City are highly elated over the action of the Florida Baptists in establishing a State college there, the town council having donated the former University buildings for that purpose.

An exchange announces: "Foraker in the Field." When we last heard from him we supposed that he had taken to the woods.

COMMISSIONERS APPOINTED.

Governor Broward has made the following appointments:

To be members of the commission created by the last Legislature to examine and audit claims against the State of Florida for enrolled services, forage, subsistence and transportation furnished to the State during the Seminole Indian wars of 1849, 1855, 1856 and 1857: Hons. J. H. Harwell, Bogard; Charles E. Davis, Madison; J. W. Knight, Floral City.

As members of the commission to erect a suitable monument on the battlefield of Chickamauga, in memory of the soldiers of Florida who took part in that battle: Hons. Samuel Pasco, Monticello; E. M. Law, Bartow; Pulaski Broward, Broward Station; John C. L'Engle, Jacksonville; and Fred L. Robertson, Tallahassee.

As members of a commission to consider and ascertain the appropriate kind of statue to be erected in honor of Edmund Kirby Smith and to ascertain the cost of same: Hon. F. J. Fleming, Jacksonville; Hon. E. M. Law, Bartow, and Gen. David Lang.

The editor in a recent issue of The Home Companion very sanely suggests that the woman who drops her lavish love for "her man" at the coming of the first baby, and devotes herself exclusively to her child, leaves her husband where she finds him—young, undeveloped, probably poor in health and position. If she fails to climb through lack of help and companionship, she and her whole family will live a life of struggle and poverty. If, on the other hand, he climbs without her, he soon outdistances her in the things of this world. At home she is developing herself on one side only—the side of devotion, self-abnegation and domesticity. At forty or fifty, when the children are gone to homes of their own, and her husband has, at last, won single handed the object of his ambition, she turns to meet him again. She is surprised to find no trace of the young man she left in the years that are gone. Having withdrawn her heart—unwittingly, would be kind enough to say—she turns now to a heart she does not know, and if she would she finds herself incapable of the sweetest love that might have come to her in the more constant years.

The canvass of Mississippi by John Sharp Williams and Governor Vardaman for United States Senator has led to Mr. Williams being seriously talked of as a candidate for President. Williams combines the two great requisites as a leader, for in addition to being the most scholarly debater in the country, he also draws around him the best minds in the party by his absolute fairness and the power of his intellectual attainments. That the people of Mississippi should back him forward as her favorite son to meet with endorsement in many other States, for probably no other Southern man is so well known by Democrats North and South; for in every campaign Mr. Williams has been a volunteer to spread the doctrines of Democracy and no one has done it better.

Secretary Taft is being criticised because he failed to say a word about Senator LaFollette, while praising Senator Spooner, in his recent speech at Madison, Wisconsin. Perhaps Taft was not to blame, since LaFollette is his rival for the Republican nomination for the Presidency, and Spooner is not. That makes a difference.

ried.

July 2.

Council met in regular adjourned
session on the afternoon of July 2,
members in attendance being Presi-
dent Broome, Aldermen Bunch, Can-

non, Mixson and Vidal, when the
equalizing of taxes was taken up.

The council has been busy every af-
ternoon since on this tax list, which
labor is not yet completed.

THE TRENTON PICNIC.

Tax Assessor W. W. Colson Reports
the Biggest Time of His Life.

Tax Assessor W. W. Colson, who
attended the Fourth of July picnic at
Trenton, declares that it was the
"greatest time" the good people of
Trenton had ever known, and was the
greatest day of his life also.

Mr. Colson states that people for
miles around assembled at the big
basket dinner and picnic at that town
on the Fourth, and that the day was
spent in a most enjoyable manner.
There were many speeches by promi-
nent people, and at noon there was
spread the most tempting dinner of
everything good to eat he had ever
seen at one time.

In all, this celebration at Trenton
was a grand one, there being nothing
to mar the pleasure of those who at-
tended, and the participants will re-
member the event for a long time.

Among those present from Gaines-
ville besides Mr. Colson were Mr. and
Mrs. W. G. Richardson and children,
who are visiting relatives in the
West End.

A DISASTROUS RUNAWAY.

Team Occupied by Mrs. Arnold and
Daughter Made Bold Dash.

A team owned and driven by Mrs.
Harold Arnold and daughter, Miss
Emily VanDeventer, became suddenly
frightened on East Liberty street Sat-
urday morning and ran away. Miss
VanDeventer jumped from the vehicle
in the rear, and when the horse
turned into South University street
the vehicle ran into a curbstone,
throwing Mrs. Arnold out.

Fortunately both occupants were
uninjured, but the vehicle was consid-
erably demolished.

The Normal Entertainment.

The entertainment of the Normal
School was not so well attended Friday
night as was anticipated, but those
who attended enjoyed the program,
which was of a musical and literary
nature.

It is the intention of the teachers,
students of the normal, to give these
entertainments once a week, which,
after a while, will become one of the
weekly social functions of the city.
The program is always full of interest,
and one which will appeal to the
best element of the people.

THRILLING BATTLE.

Nurses Struggle With Ma-
n on Roof of Building.

Wesley, Ohio, July 5.—A crowd
of people witnessed a thrilling
battle on the roof of the city hospital
between William Phillips, a mem-
ber of the band of Washington,
and nurses—two women and a

man struggled on the edge
of the roof high in the air, and every
one on the crowd on the street be-
lieved one or all of them to
be on the ground to instant death.
The man is suffering with some dis-
ease, physicians have been unable
to cure him and insanity has followed.
He escaped after he had been
in the straits ward, and dur-
ing the escape of his attendants man-
aged to reach the roof of the institu-
tion where he was misled.

WOMAN AS SHIELD.

Man Seized Her When About
To Be Attacked.

Wesley, Ohio, July 5.—The vic-
tim of a convict's cowardice, Miss
Apple is lying at her home in a
serious condition from a
fall.

Three men, Harry William-
son, Cox and Irwin Schuler,
attacked John McNeal,
an Ohio penitentiary, on the
road across the road to the
dormitory and seizing Miss
Apple in front of him to
the blows of his assailants.
Miss Apple fell with McNeal, and
could be rescued by citi-
zens almost insensible from
the blows resulting from the
three assailants.

McNeal's clothing was cov-
ered with blood from McNeal's
wounds. The men were arrested.

Blind Returns Eyesight.

Wesley, O., July 4.—Two years
ago while at work on a
road, a man, C. C. Downs, was
struck by the heat and as a result
lost the sight of his eyes.
A clot of some sort formed
in his eyes. While leaning up
against a wall at his home a small
object fell from under him, and
he was rendered unconscious by
the blow on the floor. Upon

BOY DIES IN BOG.

Crowd Stood Helplessly by and Saw
Him Perish.

New York, July 5.—Trying to get
the ball another boy had thrown over
his head, Raymond Halferty, 5 years
old, was drowned in the Harlem mere
of Central park.

The lad had left his home at No.
114 East One Hundred and Nineteenth
street to play "the old-out" in the
grass beside the mere, not far away.
He stood at "first" when a young
batter knocked the sphere of yarn
just beyond the pitcher.

The latter ran back, picked it up
and threw it with all his might toward
Raymond in an effort to catch the man
at first. The throw went wild, and
the small first baseman ran back at
full speed to find the ball rolling on
the top of the water.

He tried so frantically to pull it
out with two sticks, in order to head
off the batsman at "home" that he fell
on the top of the water.

While a crowd of men and children
looked on helplessly, the boy went
under inch by inch. Julius Schultz
who recovered the body from the
quicksand, found that Raymond,
though drowning, had managed to get
the floating ball, which was still re-
tained in the dead boy's hand when
they took him home to his mother.

KIDNAPERS TO BE TRIED.

They Are Six Italians, Four Men and
Two Women.

New Orleans, La., July 5.—Sur-
rounded by police officers and spe-
cial deputies, six Italians, four men
and two women, who have been
held in the parish prison here in con-
nection with the kidnaping and mur-
der of eight-year-old Walter Lam-
anna, were placed aboard a train and
taken to Hanville, the seat of St.
Charles parish, where they will be
arraigned on the charge of conspir-
acy to murder, for which they were
all indicted last Monday.

Following the excitement which
prevailed throughout New Orleans and
the adjoining parishes, after the child
was killed and the threats which
were made when his headless body
was found in St. Charles parish ten
days ago, Governor Blanchard deemed
it best to take every precaution and
ordered the use of state troops to the
police of New Orleans and the St.
Charles sheriff. The officer declined,
however. When the prisoners were
taken to the Hanville jail there was
no demonstration nor disorder.

Making Survey for Electric Road.

Griffin, Ga., July 5.—It is report-
ed from Florio that a corps of en-
gineers are at work on the survey
for connecting the old roadbed be-
tween Griffin and Jackson with the
grade roadbed from Eudora to Social
Circle, with the intention of con-
structing an electric railway. Cap-
tain W. F. Smith, president of the
Indian Spring and Florio railway,
will direct the work. He has spent
some time in securing control of the
grade, right of way of the old Griffin
and Monticello railroad, which
was never completed, with the view
of opening up some excellent terri-
tory.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this
country most dangerous because it is de-
fective. Many sudden
deaths are caused by it—heart dis-
ease, pneumonia, heart failure or
apoplexy are often the result of kid-
ney disease. If kidney trouble is
allowed to advance the kidney-poison-
ed blood will at-
tack the vital organs, causing catarrh of
the bladder, or the kidneys themselves
break down and waste away cell by cell.

Bladder troubles almost always result
from a derangement of the kidneys and
a cure is obtained quickest by a proper
treatment of the kidneys. If you are feel-
ing badly you can make no mistake by
taking Dr. Kilmer's Swamp-Root, the
great kidney, liver and bladder remedy.

It corrects inability to hold urine and
scalding pain in passing it, and over-
comes that unpleasant necessity of being
compelled to go often through the day,
and to get up many times during the
night. The mild and the extraordinary
effect of Swamp-Root is soon realized.
It stands the highest for its wonderful
cures of the most distressing cases.

Swamp-Root is pleasant to take and is
sold by all druggists in fifty-cent and
one-dollar size bottles. You may have a
sample bottle of this wonderful new dis-
covery and a book that tells all about it,
both sent free by mail. Address, Dr. Kil-
mer & Co., Binghamton, N. Y. When
writing mention reading this generous
offer in this paper. Don't make any
mistake, but remember the name, Swamp-
Root, Dr. Kilmer's Swamp-Root, and the
address, Binghamton, N. Y., on every
bottle.

LOVE LETTERS AND TATTOO

Marks the Only Means of Identifying
This Man.

Midletown, Ohio, July 5.—With
nothing but two love letters and a
number of tattoo marks as clues to
his identity, the body of a man whose
first name is Charley, was found
alongside the C. & H. and D. tracks
near here, death having evidently re-
sulted from being struck by a train.

Beside tattoo marks on both arms,
a "heart and dagger" is emblazoned on
the left breast.

One letter is from Katie Kellar, of
Cleveland, while another is from a
woman signed Margaret, who says
it makes no difference to her if
Charley is married. The man was
aged about 35, of medium height,
brown hair and dressed in a gray suit
and blue shirt.

BRAVE KENTUCKY WOMAN.

Fought Negro and Finally Routed
Him—Lynching Feared.

Pine Bluff, Ark., July 5.—Mrs.
Olive Taylor, formerly Miss Olive
Jennings, of Westport, Ky., widow
of the late John M. Taylor, and one
of the most prominent society women
of this state, was attacked by a ne-
gro in her bedroom at the residence
of Captain Sebastian Geisler.

The woman fought the negro for
several minutes, finally routing him.
Isaiah Going, a negro houseman, who
has been positively identified by Mrs.
Taylor, is under arrest. Sheriff Phil-
pot hurried the negro away from the
city as threats of lynching were made.

Prominent Banker Dead.

anything else but smiles on his face.
Mrs. S.—, Blackwell, Okla., writes:
"My baby was peevish and fretful.
Would not eat and I feared he would
die. I used a bottle of White's Cream
Vermifuge and he has not had a sick
day since." Sold by W. M. Johnson.

GEORGIA LEGISLATURE.

House Votes to Take a Long Recess.
Senate Concur.

Atlanta, July 5.—For the first time
in its history, the general assembly
of Georgia has taken a four days'
holiday, adjourning from Wednesday
until Monday and declaring the in-
tervening week days, Thursday, Fri-
day and Saturday, "die non." This
means three days will be added to the
end of the session.

This action was taken by each
branch, acting separately under a
joint resolution introduced on Tues-
day by Mr. Hall.

When the house meets Monday
morning, Speaker Slaton and Presi-
dent Akia will announce the commit-
tees of the two branches, and next
week will be a busy one, with com-
mittee meetings every afternoon.

There are already over 350 bills on
the clerk's desk assigned to commit-
tees, which will have ample work to
do when organized.

A bill which is aimed to prevent
betting on baseball games or horse
races, and fixing the penalty that the
one so doing be punished as for a
misdemeanor has been introduced.

What promises to revolutionize the
fertilizer tax in the state was intro-
duced by Mr. Martin, of Milledge-
ville, which proposes to raise the tax on
fertilizer tags from 10 cents on each
ton to 25 cents. As it is now, the
department of agriculture gets 10 cents
for each tag for a ton of fertilizer
sold in the state, and by this bill
these tags are to be sold for 25 cents
each. It is provided in the bill that
the money thus collected from this
increased source of revenue be applied
to the agricultural college at Athens
and the various agricultural high
schools in the state.

Another educational bill introduced
carries with it a request for an ap-
propriation of \$15,000 for the equip-
ment of the new building at the state
normal school at Athens with electric
lights, steam heat and the like. This
bill was introduced by Mr. McIn-
han, of Clarke.

With the house in session for just
one week, there have been introduced
nearly four hundred bills, and it would
seem that the end is not yet in
sight.

After amending the resolution of
the house, the senate on Wednesday
concurred in the action of the lower
body to adjourn until Monday, mak-
ing Thursday, Friday and Saturday
non-legislative days.

NERVY OHIOAN.

Attacked by Thugs, Takes Their Gun
and Chases Them Away.

Omaha, Neb., July 5.—Fred Papp-
les, formerly of Akron, O., was at-
tacked while on his way home by two
footpads.

Papples took the gun away from one
of the robbers, shot the fellow through
the neck and then chased the other
man around the block, although he
himself had been shot in the leg in
the fight.

Papples is an employee of the Swift
Packing company, and when asked
about the hold-up simply said:

"A packing house man has to work
too hard for his money to let some
thief take it away from him."

The wounded robber was captured,
and is badly wounded. Papples is
also in the hospital with a hole en-
tirely through his thigh. The sec-
ond robber escaped.

Mr. Clark has returned from Baltimore, where he is attending the dental department of the Baltimore Medical College. His friends will be glad to learn that he will spend his vacation here.

F. R. Collins and daughters, Misses Nina and Murray, of Hague, were in the city Wednesday, leaving in the afternoon for Albany, Ga., and other points. They expect to be absent several weeks.

Mr. and Mrs. Robert L. Barton and children of Rocky Point were in the city Wednesday. Mrs. Barton and children, Miss Kittle Waits, Fred Waits and Sam Crown, also of Rocky Point, left on the afternoon train for Hawthorn, where they will visit relatives for a few days.

J. A. Jackson of Lochloosa was in the city Wednesday and made The Sun a pleasant call, renewing his subscription. Mr. Jackson has been in South Florida for the past two years, but his family have resided in Lochloosa. He may decide to make his future home here.

Mrs. P. A. Ruhl of Bartow passed through the city yesterday en route to her home at Bartow, after a pleasant visit to friends and relatives at Micanopy. This estimable lady formerly resided here and her many friends were delighted to see her again, even for so short a time.

Captain W. P. Shettleworth of Evinston, the boss melon grower of that section, was in the city yesterday. Captain Shettleworth states that from his farm he has already shipped forty carloads of melons, and will ship ten more before the season closes. The prices realized have been good.

Judge and Mrs. Syd L. Carter and Mrs. Clyde L. Carter and son enjoyed the hospitality of T. J. Swearingen at Knapaha Wednesday, attending the barbecue tendered by Mr. Swearingen to his employees and friends. They report a fine time and plenty of delicious things to eat, including well-barbecued meat.

Owing to the Fourth of July the Board of County Commissioners adjourned Wednesday afternoon until Monday, at which time they will take up the unfinished business. The regular business of the board has not

yet been completed and when this is through they will again take up the equalization of the tax books which is a tedious task.

Hon. W. W. Hampton has returned from Sewanee, Tenn., where he has been to attend the annual meeting of the board of trustees of the University of the South, of which he is a member. This meeting was the semi-centennial session of the board of the college having been in session for fifty consecutive years. The meeting was a most successful one and the members of the board feel that those preceding them had performed a most successful service.

C. W. McDonald had the misfortune to have two fine graded Guernsey cows killed at Rocky Point yesterday by lightning. There were several severe claps of thunder during the afternoon, and when the man went for the cows to drive them up for milking two of the animals were found dead about twenty feet apart. One of them showed the marks of the lightning, but no marks were visible on the other. Mr. McDonald's friends sympathize with him in his loss.

From Saturday's Daily Sun.

COLLEGE PARK SALE

Auction Sale of Lots Commencing Monday, After Three Days.

After three days of auction lots at College Park, Gainesville, coming fashionable residents the sale was concluded Tuesday afternoon.

This sale was conducted in conjunction of the Consolidated and Investment Company, despite the fact that the week the entire time was used for the greater part of the time of rain falling, the company to dispose of a number of lots.

This was one of the most successful and up-to-date sales ever conducted in this section of the State, and not been for the inclusion would have proved a big success.
